

# Census 2011

Key statistics – district & parish level

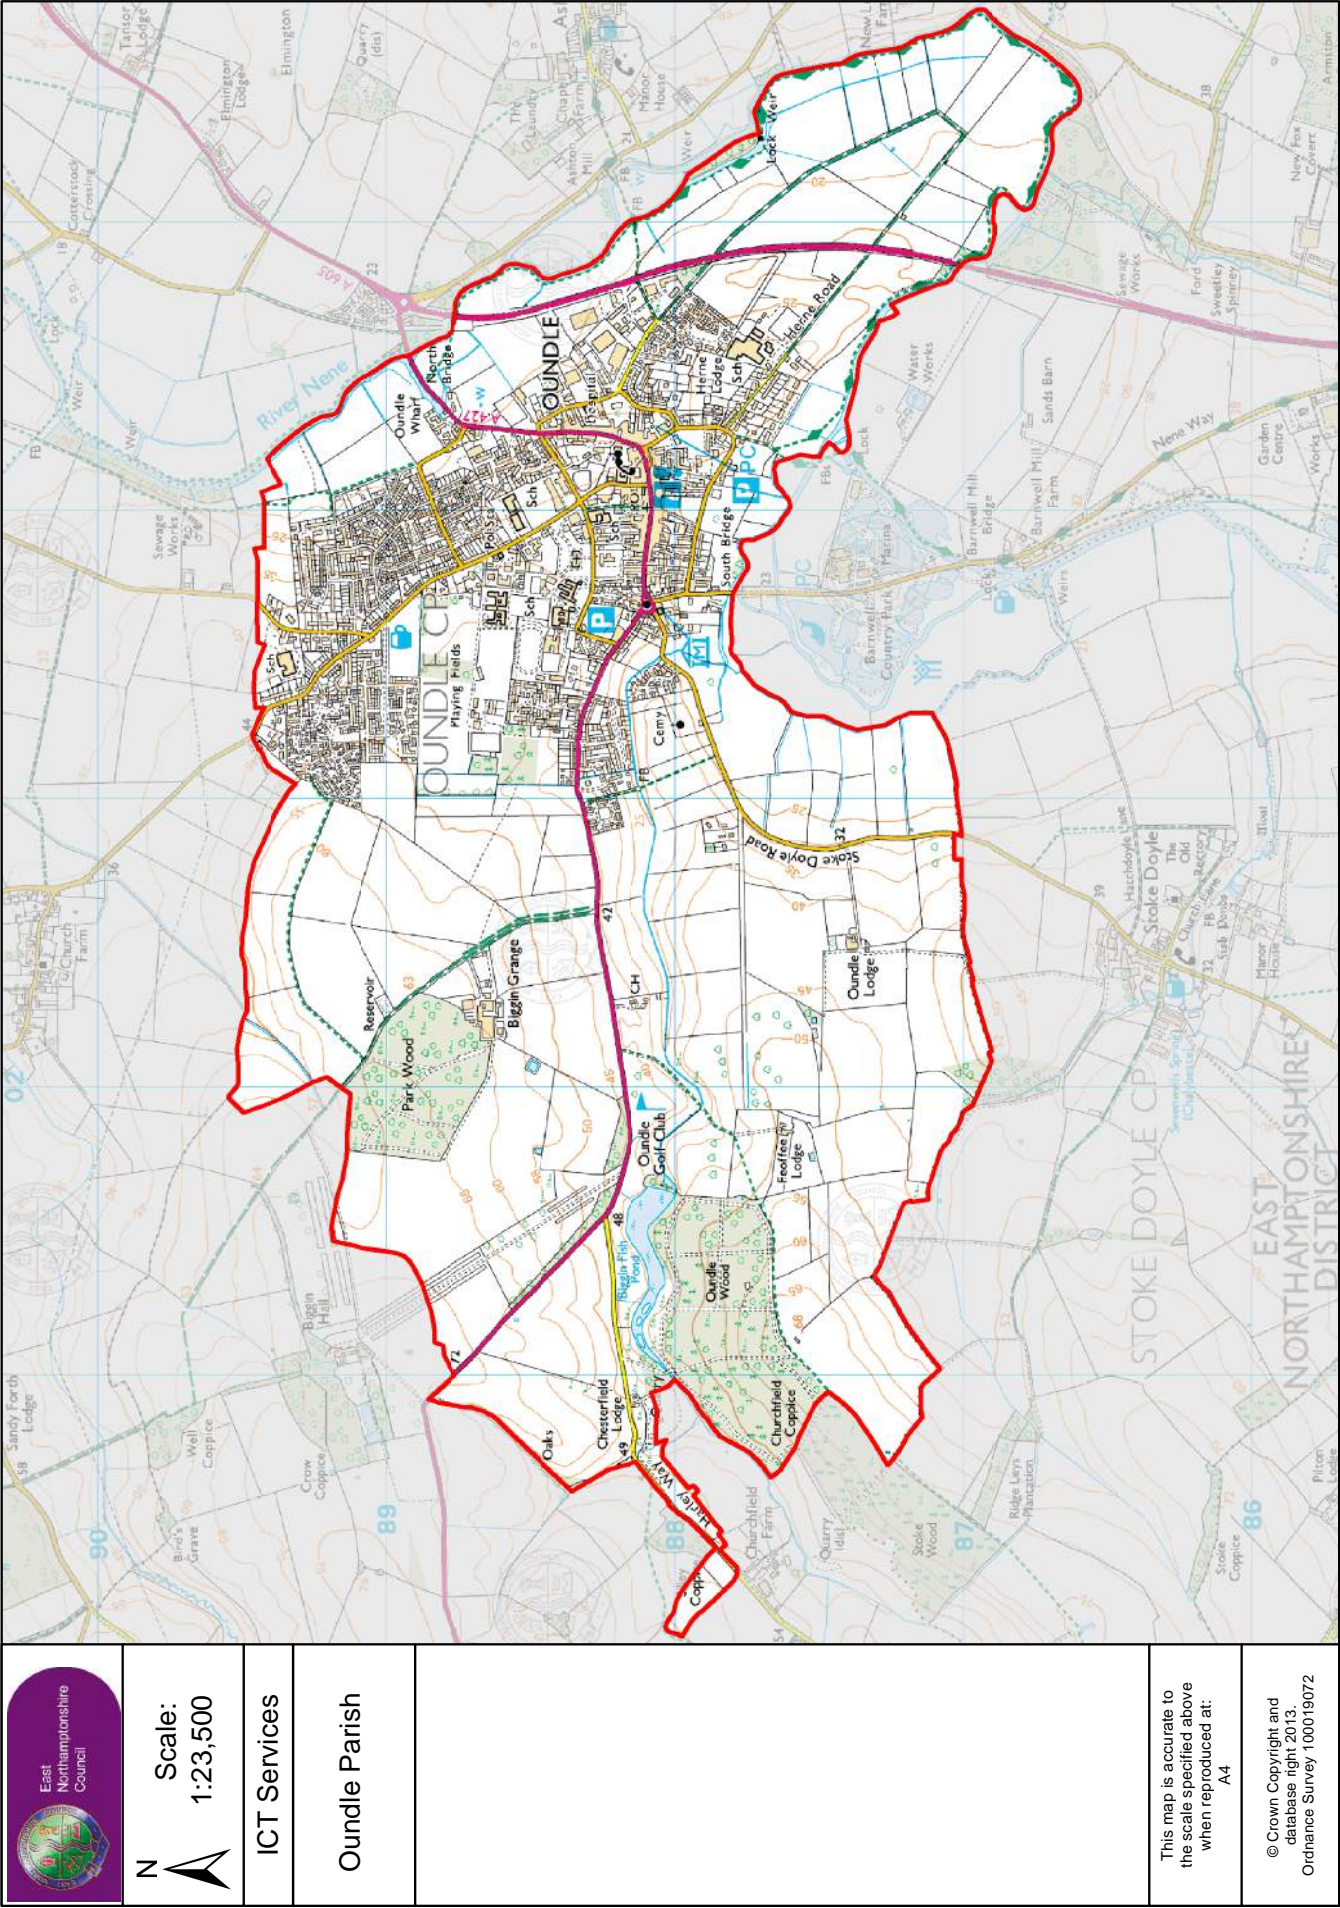

## Oundle

Analysed and produced by

East  
Northamptonshire  
Council

# Introduction

The 2011 Census took place on 27 March 2011 and was organised and carried out by the Office for National Statistics (ONS).

Since July 2012, lots of raw data from the Census has been released which, when analysed, gives us a snapshot of the make-up of the population on that date at various geographical levels, including at district and parish level. The raw data is available at [www.ons.gov.uk/census](http://www.ons.gov.uk/census)

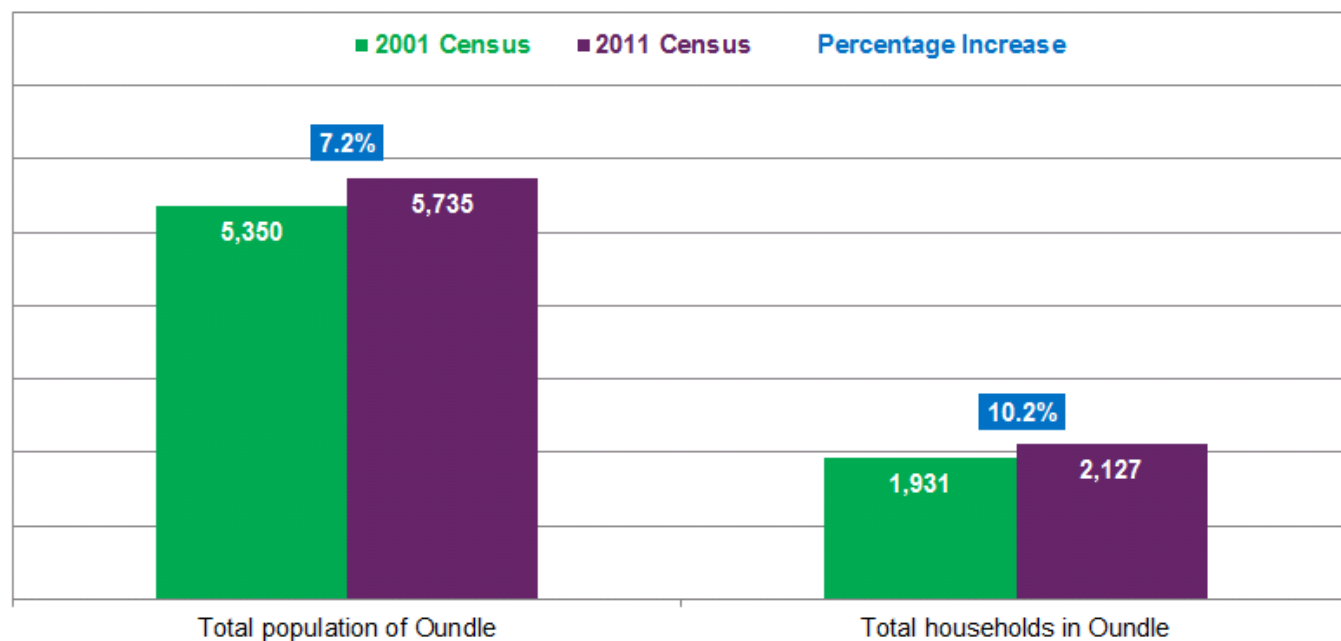

The information contained within this booklet has been analysed and produced by East Northamptonshire Council and is an example of the type of analysis that can be undertaken on the Census data that is available.

Each graph shows a comparison between the East Northamptonshire average and the data for Oundle.

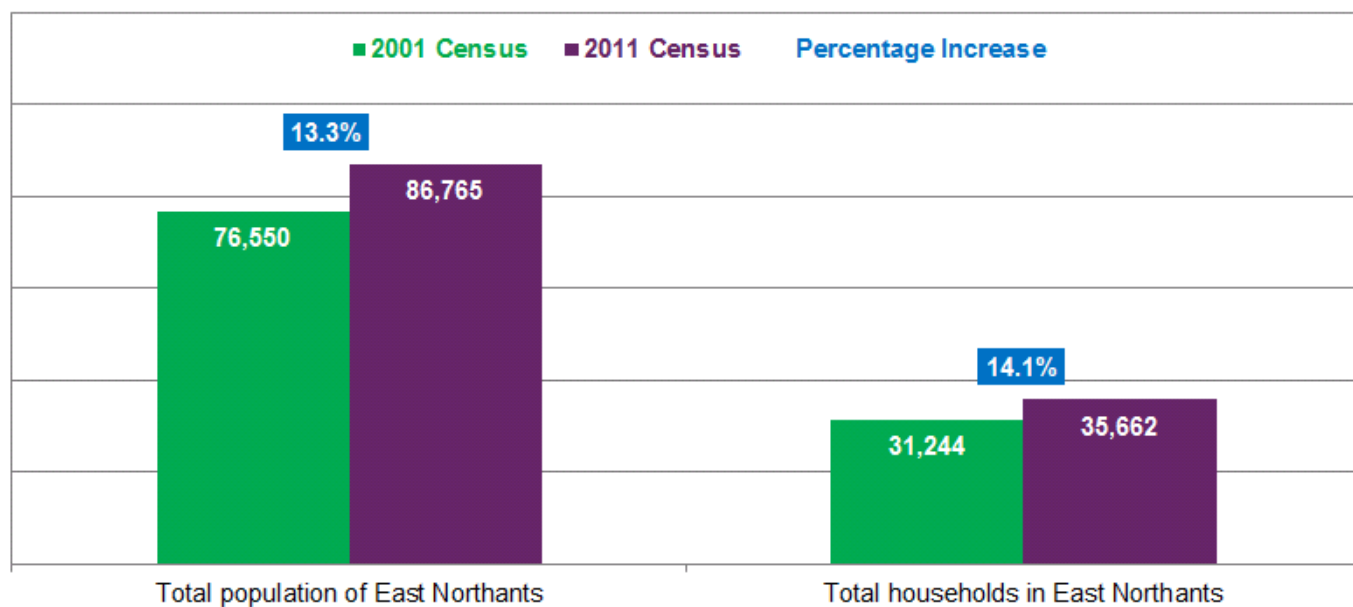

## Contents

<b>Chart</b>	<b>Page</b>
Census % Increase	4
